

Ambition, Altruism, Achievement

Incorporating: Codsall Community High School, Bilbrook CE Middle School & Perton Middle School
Executive Headteacher: Mr A Harding BA (Hons) NPQH

24th March 2020

Dear Parents/Carers of Year 12 Students,

As you will be aware the coronavirus has had a major impact on all aspects of society, including schools.

This letter provides an overview of next year's curriculum and work set during school closures.

1. Curriculum implications

With schools expected to be closed for the remainder of this academic year, we have reviewed our curriculum and timetable for the next academic year.

In Codsall Sixth Form, we already allocate more teaching time than they do in most schools.

Next year we will increase this further so that any gaps in learning that may be created this year are addressed next year.

We are in the process of making these changes and will provide further information after Easter once they have been finalised.

2. School closures and work for students

It is important that all students continue to make as much progress academically when not in school as they do when they are in school. To support this, teachers will continue to set work in the following ways:

Codsall Community High School

Elliotts Lane, Codsall, Staffordshire WV8 1PQ
Tel 01902 907560 • E-mail office@cc-hs.com
www.cc-hs.com

Bilbrook CE Middle School

Bilbrook Road, Codsall, Staffordshire, WV8 1EU
Tel 01902 840910 • E-mail office@bilbrook.staffs.sch.uk
www.bilbrook.staffs.sch.uk

Perton Middle School

Gainsborough Drive, Perton, Staffordshire, WV6 7NR
Tel 01902 758244 • E-mail office@perton-middle.staffs.sch.uk
www.perton-middle.staffs.sch.uk

2.1. Online learning for BTEC courses

Many BTEC courses use the school's virtual learning environment (Moodle) to set and mark work.

Staff will set work for these subjects by Friday 27th March using moodle for students to complete at home.

2.2. Online learning for other courses

Other course work will be set using the school app (EduLink) by Friday 27th March. Parents will also receive a notification if they have downloaded the app.

Work will include tasks for students to complete. This will often include answers so students can mark work when they have finished, or students can compare their work against exemplars, so they can see how good it is and what they need to do to make it better.

Teachers will also send an introductory message to all the students they teach so they can reply if they have questions or queries about the work they are set.

Note: Students living in a household without a device (phone, laptop, tablet) were asked to give their name to their Form Tutor before school closed so arrangements could be made. If your child did this you will receive a text about it later in the week.

2.3. Video conferencing

Students studying A Level courses will have some of their lessons delivered using video conferencing software through moodle. A timetable of weekly sessions will be sent out later this week via EduLink.

I hope you have found this overview of next year's curriculum and work set during school closures to be useful.

If you have further questions about this information, please email me at options@ch-pb.com.

As further information becomes available over the coming weeks, I will, of course, keep you informed.

Yours faithfully,

Mr Robinson
Deputy Headteacher
Codsall Community High School
