## **1     PURPOSE**

We aim to provide the very best education possible for every student. Our school vision can be summarised as *Ambition, Altruism, Achievement*.

### **Ambition**

- We believe that with the right attitude our students can achieve the most challenging and ambitious of goals.
- We expect 100% effort – there is success without hard work.
- We expect our learners to demonstrate determination and resilience and not give up when things get difficult.

### **Altruism**

- We expect our young people to be selfless, kind and considerate.
- We expect our learners to look out for each other and take care of each other, regardless of friendship groups.
- We are proud of our school community and accept all, deriving happiness from the success of others.

### **Achievement**

- We aspire to educate the whole person, catering for our students' academic and social needs.
- We aim to develop well qualified and well-rounded young people who understand that their goals can be achieved through hard work.

Our school motto is "Per Ardua Ad Astra", "Through adversity to the stars."

To be successful in this we believe that it is vital to work closely with the support of parents. This agreement will further enhance our partnership through these common expectations and goals.
