

## Promoting excellence through diversity of opportunity

Incorporating: Codsall Community High School, Bilbrook CE Middle School & Perton Middle School  
Head teacher: Mr A Harding BA (Hons) NQFH

Dear Parent/Carer,

You will have received an initial letter and text, detailing the information for the return to school of your child.

The information below details the day, date and the arrival time that your child should be at school for their first Lateral Flow Test, and subsequently their return to a normal school day.

If your child travels from Perton, Pattingham or Brewood, and the transport pick up time states 'As normal' they will need to catch their normal mode of transport into school, at the normal morning departure time. This may be the SCC coach they usually catch or the school mini-bus transport.

However, if the time your child is due to arrive at school is later than normal for their first test, we have put on extra transport throughout the day to ensure your child arrives at Codsall in time for their Lateral Flow Test. We would like students to arrive at their allocated time and not before, to support social distancing and so all students are tested and results verified, before they begin their school day.

If pupils arrive early, there will not be an area inside school for them to wait in, and therefore they will be asked to wait outside the building, with inclement weather due later in the week, we would ask you to keep to the times listed below.

We are testing all students in their learning group, to keep the students socially distanced and within their learning bubble.

The transport pickup times are listed below. The pickup locations are Sainsburys Petrol station for the Perton student pickups, and for the Pattingham student pickups, the shops will be used.

Once your child has had their first test in school, they will then be expected to be in school at the normal time to start lesson one by 9:00am for the rest of the week, arriving on their usual morning transport provider.

Once the first test has been carried out, we will be undertaking the other two tests (which we have been tasked with), within the school day, so we do not affect transport and with minimum disruption to lessons.

Parents/Carers will be informed immediately should there be a positive test. All negative tests may take up to 5 days before the notification is received from the NHS system.

Please find all times for all year groups below:
