School Purpose and Values

Learning is what we are about. We want our students to be fully engaged in their learning and to recognise that they have a part to play in their own education. To foster this our students are taught how to learn through the development of personal learning and thinking skills alongside co-operative learning. These skills provide the qualities needed for success in learning and life.

Purpose and values of department

The Department is moving forward at a rapid pace. Teaching and Learning has massively improved due to a range of new initiatives and a clear focus on enabling every child to achieve their potential. New schemes of work across all the key stages have ensured that lessons are skill based and that classroom interaction is dynamic and stimulating. Accurate assessment is essential and this year we have placed a huge emphasis on making both formative and summative assessment far more rigorous. Recent OFSTED lesson observations rated teaching in the department as “good” and assessment as “exemplary”.
